PROFILE SUMMARY

I'm Nouman Qadir, a skilled WordPress developer and designer with 4+ years of experience. I create modern, responsive websites that enhance your brand's online presence, engage users, and drive business growth with clean, efficient, and custom solutions.

PROFESSIONAL EXPERIENCE

Digitechway Agency | 2022 – Present

- I have been working with Digitech for the past 4 years as a freelance developer. During this time, I have designed over 200 websites for the agency.
- Digitech assigns me various projects, which I complete remotely with my team as quickly and efficiently as possible.
- I've truly enjoyed working with Digitech and look forward to continuing this collaboration on a long-term basis in the future.

Marketina Agency (USA) | 2025 – Present

- I've been working with this U.S.-based web design agency for over a year now. It's truly an outstanding team to collaborate with.
- The agency has been highly impressed with my core design skills and effective communication. So far, I've successfully completed over 40 projects for them.
